

5 Safe Walking Tips!

1

When available, use a designated crosswalk or intersection when crossing the streets

2

If you must cross the street when no sidewalk is available, make eye contact with the driver(s) before proceeding to cross

5

When dark outside, wear bright clothing. Be seen and be safe!

3

Always walk on the sidewalk, if none is available, walk on the shoulder of the road, facing traffic

4

Always be alert! Put away cell-phones and have your eyes on the road
